LM Potencies

Australia's Largest Range

A high frequency homoeopathic range introduced by Hahnemann in the latter years of his research. The LM remedies are aimed towards the mental and emotional aspects of the patient, reducing aggravation associated with ill-health. It is especially suited to children. This range is employed for use by accomplished homoeopaths within this field.

Dynamis Complexes

Combines two or three Homoeopathic ingredients to maximise the accuracy of your prescription

Homoeopathy Made Easy!

Dynamamin Potentized Homoeopathic Complexes

Save time - Save money
Increase effectiveness
Benefits to you in using Dynamamin

With orders of \$50 or more receive a FREE 128 Page Practitioner Manual valued at \$10

Not one but two to three homoeopathic remedies acting together to give a wider and more certain coverage of relief.

At the same cost as each individual remedy!

Only \$7.20 per Dynamamin Complex. 20mL.

✓ Easy to prescribe. Simply identify your patients complaint from the list shown on the next page and order the Dynamamin Complex by name. (Or ring for advice.)

✓ Easy to use; as a liquid or dispensed in pillules.

✓ Combines well and complements other herbal medicines.

✓ Great for the busy practitioner.

✓ Easy directions to follow for your patients.

Practical Homoeopathy for Busy Practitioners

The Dynamamin range of products has been developed by a highly qualified and experienced Homoeopath after an extensive study of the classical homoeopathic literature to give the practitioner a range of medicines combining the simplicity and power of the traditional homoeopathic approach with ease of prescription. More and more practitioners are coming to appreciate the effectiveness of the homoeopathic approach to the treatment of disease conditions, but few have the necessary time available for the lengthy study needed to become classical homoeopaths.

These simple combinations will aid the practitioner in the treatment of a wide variety of complaints met with in everyday practice and are suitable for those just starting their use of potentized medicines as well as those more experienced in homoeopathic prescribing. Each remedy is prepared with the care you have come to expect from the laboratories of the Pharmaceutical Plant Company - step by step serial dilution with firm hand succussion at every stage. You are thus assured of the highest possible quality product upon which you can rely in practice.

RECOMMENDED DOSAGE

Unless otherwise stated, it is recommended that treatment be started with the 6C strength, proceeding to the 12C or 30C strength if required.

- 6C - 3 pills or 5 drops two or three times daily, according to severity of symptoms.
Reduce as cure progresses.
- 12C - 3 pills or 5 drops once or twice daily, according to severity of symptoms.
Reduce as cure progresses.
- 30C - 3 pills or 5 drops once daily or less often, according to severity of symptoms.
Reduce as cure progresses
